WHITESBURG, LETCHER COUNTY, KY., THURSDAY EVENING, FEBRUARY, 28, 1929

NUMBER 26.

WHITESBURG SHAVES TWO  
TEAMS TO A FRAZZLE

Whitesburg Boys Win From H. B. I. and Pikeville College With High Scores. While The Girls Lose to The H. B. I. Girls in Last Game of Season.

This past week end the boys and girls basketball teams closed their most successful season in the history of the school. The boys won from H. B. I. 28-24 and from Pikeville 37-29 as the girls dropped their last one after winning six in a row, to the H. B. I. 20-16.

Friday night the teams from H. B. I. to seek revenge for two defeats handed them in Hazard some three weeks ago. The visiting boys were turned up on the short end of a 28-28 count in a slow listless contest. The girls game was the best seen here in some time, the visiting girls finally winning 20-16 and in the last few minutes, Anna Cornett, H. B. I. star forward, got away for two goals, her only score since the first quarter. Back and Combs were put out of the game early and their places were filled splendidly by Collins and Wright. Hart played the best floor game, ably assisted by Newsome and Kincer. Anna Cornett, of H. B. I. led the scoring with eleven points to her credit. This was the second meeting of these two teams, the locals having won the first encounter 16-13 in Hazard.

This finished the season for our girls, making the season record eight victories and three losses, the other two losses being to Jackson and Hazard early in the season.

Saturday night the boys closed their most successful season by getting revenge for the defeat handed them when we were in Pikeville. The score of Saturday night's game was 37-29. Getting away at a poor start the Whitesburg boys trailed for three quarters. The score by quarter was 8-7-13-22 but in the last quarter our boys flashed an offense that couldn't be stopped, piling up 15 points while the visitors were emassing five. Adkins is to be commended for his close guarding after Hall had been put out of the game on fouls in the second quarter. Baker and Wright led the scoring with 14 and 11 points each. Not an individual star could be pointed out for Whitesburg, the whole team playing as a unit.

This ended the boys' season with a record of 13 victories and 4 losses, two of the losses being revenged. The other two were to Hazard. Revenge?

The score follows:  
GIRLS' GAME  
W'burg 16. H. B. I. 20

Kincer 2. A. Cornett 11.  
Hall 1. L. Brown 1.  
Newsome 9. Campbell 6.  
Back 2. K. Petrey 1.  
Combs E. Cornett 1.  
Subs—W'burg: Wright, Collins, Hall, H. B. I. H. Petrey, Baker, Referee, Kenney.  
GIRLS' GAME  
W'burg 28. H. B. I. 24  
Cook 5. Johnson 2.  
Whitaker 6. Spencer 4.  
Day 7. Knuckles 16.  
Kincer 2. Pikeville, Ramsey 4, Taylor 1.  
Hall 1. Campbell 1.  
Subs—W'burg: Wright, 8. Adams, 4. Baker 2. Adkins, 1. H. B. I. 2.

## Returns From South

Major Webb and Edgar Craft returned from a fast fly into the South where Mr. Webb bought a 1127 acre farm in Mississippi. Returning they left Birmingham Ala., at 5:30 A. M. ate dinner in Knoxville and supper in Whitesburg the same day at 6:30 P. M. What would the Letcher County citizen of twenty years ago thought of such rapid transit?

## Notice - Teachers

With our issue of the Eagle of today all subscriptions to teachers of the county paid by the County Board of Education for the benefit of the students in the various districts ends. These subscriptions have been sent at a considerable sacrifice on our part and we will be delighted to send the paper on to all teachers at our regular subscription rates provided they will let us know. Otherwise all subscriptions will end.

## Will Get Post-Office

A telegram received from Washington announces that Mrs. Rachel Adams, wife of Arch C. Adams, has been recommended for Postmaster and will receive the appointment.

WHITESBURG YOUTH  
NOW A U. S. MARINE

While looking forward to service on land or sea with the U. S. Marines, Otis B. Gibson, of Whitesburg, Ky., will soon complete his preliminary training with the soldiers of the sea at Parris Island, S. C., according to a recent report of enlistments at that training station.

Gibson, who is a son of Mr. George Gibson, of Whitesburg, joined the Marine Corps at Cincinnati, O., two or three weeks ago and was sent to Parris Island for training. Within a few weeks he will probably leave for some foreign station, go aboard a naval vessel or be assigned to one of the many duties that fall to the lot of the Marines.

Gibson enlisted for four years, but during this period free educational courses, taught by the Marine Corps Institute, are available to all members of the Corps. Many young men take advantage of these studies and complete their enlistments, especially equipped to take up some trade, art or profession.

Jim Combs, one of Craft's Colly's best citizens, was down and renewed his subscription to the Eagle.

## OUR PRESIDENT AND HIS VICE

LONG AND SHORT LOCALS  
HUDDLED BELOW

HERBERT HOOVER AND CHARLES CURTIS

Before another issue of the Eagle flits away to its vast concourse of anxious readers, Calvin Coolidge for near seven and one half years, President of this magnificent land, will take his belongings from the White House and another, Herbert Hoover, will move into the Nation's beautiful palace on Pennsylvania Avenue in the Nation's Capitol, Washington, D. C. Not only will Mr. Hoover do this but he will be inaugurated President of the United States, "the land of the free and the home of the brave".

No man in all the history of this country has succeeded to the head of its Executive affairs with a better opportunity to make good. There was never a time, maybe, when a stronger arm was more in demand to guide the destiny of our land and country. Every loyal American, regardless of party affiliations, now looks to the big, robust, boyish looking, quiet, philosophical, engineering head of Herbert Hoover to direct the compass of our land through its rough tempestuous seas. It was Woodrow Wilson, of memory revered, who discovered this world's genius and sent him forth to battle with a situation the direst at the time known in history. The Eagle accepts the man. Others may take or reject his politics.

Who will make up his official family is not known at the time this is written. We had hoped that the giant arm of Senator Borah would guide the Attorney Generalship, but it seems that the President will cut to the notion that he can best serve the Nation in the Senate. We believe that the President will cut off his own cabinet and that in time of it he will not make his coffin, as the late Mr. Harding did. We close our little say with the ardent hope that Herbert Hoover, stormy as the seas are, may lead the Ship of State, indeed the Ship of Nations, with that big fat hand and that he may never allow his eye to lose sight of the needle once.

## BADLY HURT

A few days ago Uncle Bill Williams who has carried and managed the mail from the depot to the Post-office for eight or ten years without missing a single day fell while on duty and seriously injured his leg and is now confined to his home. He is one of the best known men of the city and county.

Yesterday Mr. Williams, accompanied by Brother Enlow and Dow Collins, was taken to Dr. Wright's hospital at Seco for an x-ray examination. His injured leg is in bad shape.

Miss Marion Stamper, daughter of Thomas Stamper of Roxana, arrived here on her way from Chicago, where she is employed, to visit her parents. She was accompanied by Julian Takarz, a lady friend.

## AT THE DANIEL BOONE

This week among the many registered at the Daniel Boone were C. D. Buck, Sam Ward and C. W. Kelly, Hazard; C. G. Schoffler, A. S. Barnes and C. Finney of Lexington; J. P. Cornett and Bob Otey, Big Stone Gap, Va. C. P. Pearl and O. E. Hubbard, London; R. H. Muller and E. A. Burkhardt, Cincinnati; W. P. Mayo, Prestonsburg, and Ward Branum of Middleboro.

## I WOULD LIVE HERE

Why do I like my old home town, That small and unknown spot, Where tourists seldom visit and celebrities come not?

Here I have lived since babyhood, Before it became a town.

I watched it grow, grew up with it, Loved, married, settled down.

My children go to school today, Where I went long ago. Old friends, old dreams, old memories Surround me here, and though I like to visit other towns, I would live here—you see, No other town could ever So much like home to me.

BIGGEST SNOW  
SINCE JAN. 1917

Most persons believe that the snow which fell the past week was the deepest known in this country for ten years. In the lower Kentucky valley regions as well as Cumberland valley the depth of the snow ranged from ten to over twenty inches. In

the country, however, the average depth probably did not exceed ten inches except high upon the mountains where it was heavier. In January 1917, according to the Eagle of that date Most Adams, residing near the base of Pine reported the snow to be 28 inches the deepest he had ever seen.

Attorney Lewis Harvie was a business visitor in Harlan.

Judge Kelly Fields,  
Wethersfield, Ky.,  
Dear Friend Kelly:

Reading the press reports in one of our cosmopolitan news papers, I note that one of your friends thought they needed a ham, hence they proceeded to borrow one from your precious, fastidiously dainty smokehouse, and that the good-natured Judge Fields, believes that the borrow will return the luxurious ham as soon as he kills his own hogs, providing he has hogs to kill. Fine Judge, very fine!

## Held Without Bond

The examining trial of Martin Craft charged with the murder of Deputy Sheriff W. H. Carter was held before Judge Bentley last Friday. The defense offered no testimony and Craft was held without bond to await action of the May Grand Jury.

## BIG HORSE ADDITION

An eighty page edition of the fifth International Thoroughbred and Live Stock Edition of the Lexington Herald has been received by the Eagle. A study of its contents convinces us that this is the completest edition of any sporting and live-stock news paper ever issued by this alert publication or any other ever issued in the state. Brother Bob

Brickenridge, who never sleeps as long as there is a horse to run or a foal to chase, seems to have put most of the spice and giner into the edition. Imbued with a lot of old time Kentucky Chivalry he has to have some place to distribute his mint and ginger.

## TAKES OWN LIFE

Budine, Ky., Feb. 25—Willard Hunt, working with road contractors just below here, shot himself through the head today killing himself instantly. It is said that he had been worrying several days over some embarrassing cases to come up soon for trial in court in Pike County. He was intoxicated when he performed the rash act. He leaves a wife and two children. Mrs. John Bentley of this section was his sister.

Monticello, Wayne County, suffered a \$250,000 loss by fire early in the week. Nearly the entire business section of the town was destroyed.

## CHILD'S HEALTH CONFERENCE TO BE HELD

Is your child underweight? Does he seem weak and undernourished? Is he indisposed, not playful, appetite poor, or in any other way not normal? If so bring him to our health conference and let us determine and advise for you as to conditions. We want all children under school age to attend this conference.

It will be held in the Health Department office in Whitesburg on Friday, March 8th.

## Farm Science Dear to Heart of Washington

George Washington, in whose honor and in whose name the first national capital was named, wanted more than anything else to rank as the leading farmer and agriculturalist of the New world. His hobby was agricultural farming, and this was his most extensive literary theme, which related to agriculture were more read.

Our President chafed the desire to spend his days at Mount Vernon, where he could experiment with seeds and plants imported from Europe and America, and from the perplexing problems of the Virginian climate. He aspired to develop Mount Vernon into the finest plantation and farm in the nation—George Washington's, according to his writing in Washington.

English American agriculturists who have made careful studies of the construction of Mount Vernon's farm say that it was built to withstand seven to eight centuries of service.

The frame of the house, which stands on a high bank, was joined together with wooden dove tails instead of spikes. The house was built to endure as long as the sun shall shine, the sandstone walls date back to the days of Augustine Washington. It is probable that 700 years from now Mount Vernon will still be standing as a cradle of history and source of patriotism.

### Symbole of Masonry.

Perhaps at some time when you have been impressed by the methodical arrangement of the barns standing house, kitchens, office, garden, stable, shop, laundry, smokehouse and other buildings. History relates that George Washington, who designed the layout of his estate buildings to represent the "M" of Masonry, the modern农夫 who has no idea how Mount Vernon may be able to recognize the curious ingenuity displayed in structures of brick and wood.

Even though Mount Vernon were not the former home of one of the world's greatest geniuses and of one of America's most illustrious sons, it would still merit historical preservation.

George Washington developed Mount Vernon on his country estate. It fronts on one of the "Gold Coast" Virginia, selected with the best

houses which American agriculturists do not know and build. The similarity of Mount Vernon is outstanding among the numerous, many of which are good and tried in many ways.

It is from this half-finished house that George Washington inherited the 2,500-acre homestead which was later to be a superb plantation.

George Washington purchased the interest of Lawrence's wife in the estate and at the age of twenty-one became the sole owner.

He then purchased the 1,000-acre Colvin's fine plantations.

**Get Up in The Morning Feeling****DIZZY**

"I began to suffer with dizziness about a year ago," says Mr. John G. Malone, of Buena Vista, Ohio. "I had a burning sensation in the back of my head which seemed to come from indigestion. I could get out of bed, sit up and walk about, but I often got out of sorts. I would get up in the morning feeling like I had been up all night. I would wonder where I was."

"Some one asked me why I did not try Black Draught. I said I had not heard of it. I needed it. When I feel a spell coming on, I begin by taking a dose of Black Draught, and continue to take it for several days, and in a short while I am well again. It is the medicine I need."

Costs only 1 cent a dose.
